

Appendix C. Descriptive statistics of sub-indicators used in the computation of the subnational agricultural-activity specific climate–agriculture–gender inequality hotspot indices

	N	Mean	S.D.
Share of rural population under climate hazard	44	0.592	0.366
Subnational Gender Development Index 2019	44	0.885	0.077
Missing women	44	102.587	2.318
Prevalence of gender based violence	44	33.631	12.066
Prevalence of child marriage	44	31.183	15.051
Index of vulnerability due to gender inequalities	44	0.000	1.090
Cereals, legumes and oilseeds			
Participation in cereal, legumes and oilseeds farming	44	0.158	0.198
Participation in cereal, legumes and oilseeds farming by women	44	31.584	19.048
Share of hours worked in cereal, legumes and oilseeds farming by women	44	0.425	0.142
Index of exposure experienced by women in cereal, legumes and oilseeds farming	44	0.000	1.243
Rice			
Participation in rice farming	44	0.121	0.120
Participation in rice farming by women	44	27.090	30.633
Share of hours worked in rice farming by women	35	0.444	0.220
Index of exposure experienced by women in rice farming	44	0.000	1.272
Vegetables, melons, roots and tubers			
Participation in vegetable farming	44	0.024	0.028
Participation in vegetable farming by women	44	32.039	25.643
Share of hours worked in vegetable farming by women	34	0.340	0.204
Index of exposure experienced by women in vegetables, melons, roots and tubers farming	44	0.000	1.433
Perennial crops			
Participation in perennial crop farming	44	0.019	0.051

Participation in perennial crop farming by women	44	33.004	33.840
Share of hours worked in perennial crop farming by women	37	0.289	0.238
Index of exposure experienced by women in perennial crop farming	44	0.000	1.337
Livestock			
Participation in livestock rearing	44	0.036	0.040
Participation in livestock rearing by women	44	59.300	33.784
Share of hours worked in livestock by women	43	0.403	0.168
Index of exposure experienced by women in livestock rearing	44	0.000	1.295
Mixed farming			
Participation in mixed farming	44	0.047	0.070
Participation in mixed farming by women	44	18.305	26.903
Share of hours worked in mixed farming by women	36	0.237	0.245
Index of exposure experienced by women in mixed farming	44	0.000	1.368
