

# Virtual palpation dictionary for the registration process of lumbosacral spine bone landmarks (LMs)

by the author Robin Remus, Ruhr-University Bochum, 2022

LM number	LM name	van Sint Jan 2007	Schmid et al. 2017	Description
<b>Lumbar vertebrae (L1-L5)</b>				
Point 1	<b>LAV/S</b>			
LAV superior - Superior side of lamina arcus vertebrae at the posterior tip of the vertebral foramen				
Point 2	<b>SAP/R</b>			
SAP right - most posterior point of right superior articular process				
Point 3	<b>SP/I</b>			
SP inferior - most inferior point of spinous process (in sagittal plane)				
Point 4	<b>SP/P</b>	LV	SPL1-5	SP posterior - most posterior point of spinous process (in sagittal plane)
Point 5	<b>VB/A</b>			
VB anterior - Most posterior point of the concave area of the anterior face of the vertebral body (in sagittal plane)				
Point 6	<b>VB/PI</b>			
VB posterior inferior - most posterior and inferior point of vertebral body (in sagittal plane)				
Point 7	<b>VB/PS</b>			
VB posterior superior - most posterior and superior point of vertebral body (in sagittal plane)				
Point 8	<b>VB/RI</b>			
VB right lateral inferior - most inferior and right lateral point of vertebral body				
Point 9	<b>VB/RS</b>			
VB right lateral superior - most superior and right lateral point of vertebral body				
<b>Sacrum</b>				
Point 1	<b>CS/PS</b>			
CS posterior superior - Posterior superior point of outer margin of bony canalis sacralis (in sagittal plane)				
Point 2	<b>CS/S</b>			
CS in sagittal plane - Intersection of a straight line from the end points of the cornua sacralia with the sagittal plane				
Point 3	<b>LSC/1R</b>			
LSC right - Lateral sacrum crest at right side at first sacral foramen				
Point 4	<b>LSC/3R</b>			
LSC right - Lateral sacrum crest at right side at third sacral foramen				
Point 5	<b>MSC/2</b>	SS2	Tip of median sacral crest closest/between second sacral foramen	
Point 6	<b>PAS/R</b>			
PAS right - Most right and superior point of proc. articularis superior				
<b>Pelvis</b>				
Point 1	<b>AC/R</b>	IAC	AC right - Center of right acetabulum	
Point 2	<b>SIAS/R</b>	IAS	RTAS	SIAS right - Right spina iliac anterior superior
Point 3	<b>SIPS/R</b>	IPS	RTPS	SIPS right - Right spina iliaca posterior superior
Point 4	<b>CI/SR</b>	ICT	RTMS	CI superior right - Most superior point of the right crista iliaca measured from a reference line between SIAS and SIPS
Point 5	<b>SI/R</b>			
SI right - Spina ischiadica at the right side				
Point 6	<b>SN/R</b>			
SN right - Tip of the right greater sciatic notch				
Point 7	<b>TP/R</b>	IPP	TP right - Right tuberculum pubicum	

## Thorax

Point 1	<b>AC/7R</b>	AC 7 right - Angulus costae of the right 7th rib (fascies externa, inferior edge)
Point 2	<b>AC/9R</b>	AC 9 right - Angulus costae of the right 9th rib (fascies externa, inferior edge)
Point 3	<b>AC/11R</b>	AC 11 right - Angulus costae of the right 11th rib (fascies externa, inferior edge)
Point 4	<b>CC/7R</b>	CC 7 right - Anterior end of 7th right corpus costae (fascies externa)
Point 5	<b>CC/11R</b>	CC 11 right - Most inferior point of the 11th right corpus costae and/or cartilago costalis (fascies externa)
Point 6	<b>CS/I</b>	CS inferior - Most inferior point of the corpus sterni (in sagittal plane, anterior side)
Point 7	<b>JN</b>	SJN CLAV Jugular notch
Point 8	<b>SP/3P</b>	TV3 SPT1 SP T3 posterior - Most posterior point of 3rd thoracic spinous process (in sagittal plane)
Point 9	<b>SP/5P</b>	TV5 SPT2 SP T5 posterior - Most posterior point of 5th thoracic spinous process (in sagittal plane)
Point 10	<b>SP/7P</b>	TV7 SPT3 SP T7 posterior - Most posterior point of 7th thoracic spinous process (in sagittal plane)
Point 11	<b>SP/9P</b>	TV9 SPT4 SP T9 posterior - Most posterior point of 9th thoracic spinous process (in sagittal plane)
Point 12	<b>SP/11P</b>	TV11 SPT5 SP T11 posterior - Most posterior point of 11th thoracic spinous process (in sagittal plane)
Point 13	<b>TC/7R</b>	TC 7 right - Tuberculum costae of right 7th costa (rib)
Point 14	<b>TC/9R</b>	TC 9 right - Tuberculum costae of right 9th costa (rib)
Point 15	<b>TC/11R</b>	TC 11 right - Tuberculum costae of right 11th costa (rib)

## Abdomen

Point 1	<b>CS/I</b>	CS inferior - Most inferior point of the corpus sterni (in sagittal plane, anterior side)
Point 2	<b>LA/L3</b>	LA L3 - Point at the linea alba which is a copy of SPP from L3 shifted in horizontal plane to the center of the abdominal ellipsoid
Point 3	<b>LA/L4</b>	LA L4 - Point at the linea alba which is a copy of SPP from L4 shifted in horizontal plane to the center of the abdominal ellipsoid
Point 4	<b>SIAS/R</b>	SIAS right - Right spina iliac anterior superior
Point 5	<b>TP/R</b>	TP right - Right tuberculum pubicum

## Humerus

Point 1	<b>CTMI/R</b>	CTMI right - Right crista tuberculi minoris directly below at the collum chirurgicum
Point 2	<b>HH/R</b>	HH right - Center of humeral head
Point 3	<b>TMA/R</b>	TMA right - Right tuberculum major (greater tubercle)
Point 4	<b>TMI/R</b>	TMI right - Right tuberculum minus (less tubercle)
