

Supplementary Figure 2

Supplementary Figure 2: **Specificity of primers by endpoint PCR for *S. dysgalactiae* and *S. uberis*.** Lanes A-D and I run with primers of *S. uberis* and lanes E-H and J run with primers of *S. dysgalactiae*. A: *S.uberis*, B: *S.dysgalactiae*, C: *S. aureus*, D: CNS, E: *S. dysgalactiae*. F: *S.uberis*, G: *S. aureus*, H: CNS, I and J: reaction control with water.
