

Figure S1. Distribution maps of each taxon within *Centaurium*.

Centaurium capense

Centaurium centaurioides

Centaurium chloodes

Centaurium discolor

Centaurium erythraea* ssp. *erythraea

Centaurium erythraea* ssp. *rhodense

Centaurium erythraea* ssp. *rumelicum

Centaurium erythraea* var. *subcapitatum

Centaurium grandiflorum* ssp. *boissieri

Centaurium grandiflorum* ssp. *grandiflorum

Centaurium grandiflorum* ssp. *majus

Centaurium littorale* ssp. *littorale

Centaurium littorale* ssp. *uliginosum

Centaurium mairei

Centaurium malzacianum

Centaurium maritimum

Centaurium portense

Centaurium pulchellum

Centaurium quadrifolium* ssp. *barrelieri

Centaurium quadrifolium* ssp. *linariifolium

Centaurium quadrifolium* ssp. *parviflorum

Centaurium quadrifolium* ssp. *quadrifolium

Centaurium scilloides

Centaurium serpentinicola

Centaurium somedanum

Centaurium suffruticosum

Centaurium tenuiflorum

Centaurium turcicum
