Supplementary Table 2. Questions Circulated to Participants Prior to the FoodSafeR Workshop.

1.	Which current / emerging microbiological and chemical food safety and food security hazards and associated risks have been a focus in your country / region / hemisphere?
2.	For which emerging microbiological and chemical hazards and associated risks do we have to brace ourselves a) world wide and b) in your country / region?
3.	Which strategies and tools are available to combat emerging food safety/security hazards and risks in your country / region?
4.	Please, provide your feedback to our FoodSafeR proposal - which hazards, risks and management strategies have not yet been addressed?
5.	Which options – e.g. external data sources or existing digital platforms/services – do you think could be useful to connect to our FoodSafeR open digital hub?
6.	Which options do you see to collaborate with FoodSafeR?
7.	Where do you see needs for immediate action and the greatest benefit of our activities
