

Supplementary Figure 2(c).

Actin antibody

EphrinB2 antibody

EphB2 antibody

Supplementary Figure 2(c). A full scan of the entire original gel(s).

Supplementary Figure 3(c).

GAPDH antibody

GFAP antibody

IBA1 antibody

NeuN antibody

Supplementary Figure 3(c). A full scan of the entire original gel(s).

Supplementary Figure 6(g).

Supplementary Figure 6(g). A full scan of the entire original gel(s).

Supplementary Figure 8(a).

Supplementary Figure 8(a). A full scan of the entire original gel(s).

Supplementary Figure 8(d)

GAPDH antibody

NR2B antibody

p-NR2B antibody

Supplementary Figure 8(d). A full scan of the entire original gel(s).

Supplementary Figure 8(g).

GAPDH antibody

NR2A antibody

p-NR2A antibody

Supplementary Figure 8(g). A scan of the entire original gel(s).

Supplementary Figure 8(i).

GAPDH antibody

NR2B antibody

p-NR2B antibody

Supplementary Figure 8(i). A full scan of the entire original gel(s).
