Modality

Evaluate each statement by assigning a score on the scale, indicating to what extent you agree with them.

		Strongly disagree				Strongly agree
		1	2	3	4	5
1	I think that I would like to use the system frequently					
2	I found the system unnecessarily complex					
3	I thought the system was easy to use					
4	I think that I would need the support of a technical person to be able to use this system					
5	I found the various functions in this system were well integrated					
6	I thought there was too much inconsistency in this system					
7	I would imagine that most people would learn to use this system very quickly					
8	I found the system very awkward to use					
9	I felt very confident using the system					
10	I needed to learn a lot of things before I could get going with this system					

Strongly disagree					Strongly agree				
1					2				
3					4				
5									

11	I thought the robot's movements were consistent with my intentions, compliant with what I wanted to do.					
12	I thought the system is annoying, frustrating when using it					
13	I found the robot's movements weird, unnatural, not human-like					
14	I thought the robot's movements happened in right time compared to my intentions					
15	I found the robot's movements jerky, unstable, clumsy					
16	I found this system tiresome to use					

17	Do you have comments or observations regarding the experiment you just participated in?
