

## Infection Queried Diagnosis List

Abscess (and all the subcategories)

- a. Cerebral
- b. Lung
- c. Foot
- d. Corynebacterium
- e. Liver
- f. Lymph Node
- g. Peritoneal
- h. Mesenteric
- i. Prostatic
- j. Orbital
- k. Retroperitoneal
- l. Retropharyngeal
- m. Skin-fungal
- n. Skin-bacterial
- o. SQ-bacterial
- p. Tooth
- q. SQ-fungal
- r. Anal

Anaerobic infection

Anal sac infection

Anaplasmosis

Arthritis – septic

Babesiosis

- a. Babesiosis – canine

Bacterial pneumonia

Blastomycosis

Canine distemper

Canine distemper virus

Canine erhlichiosis

Canine granulomatous hepatitis

Canine hepatitis

Canine neosporosis

Canine Rocky mountain spotted fever

Cellulitis – aerobic

Cellulitis – anaerobic

Choangiohepatitis

Cholecystitis

Cholecystitis – emphysematous

Cholecystitis- necrotizing

Clostridial - infection

Discospondylitis – bacterial

Discospondylitis – fungal

Empyema

Endocarditis

- a. Endocarditis – Aortic
- b. Endocarditis – Mitral
- c. Endocarditis – Pulmonic
- d. Endocarditis – Tricuspid

Enteritis – parvovirus

Fungal pneumonia

Hepatitis

- a. Canine granulomatous hepatitis
- b. Canine hepatitis
- c. Hepatitis - acute

Leptospirosis

Lyme borreliosis

Lyme disease

Meningoencephalomyelitis – bacterial

Metritis – septic

MRSA infection

Mycobacterial infection

Mycoplasma infection

Myelitis

- a. Myelitis – bacterial
- b. Myelitis – distemper
- c. Myelitis – protozoal – neospora canis
- d. Myelitis – protozoal – toxoplasma canis
- e. Myelitis – rickettial – RMSF

Neonatal septicemia

Oral Mass – infectious

Osteomyelitis – bacterial

Osteomyelitis – fungal

Osteomyelitis – infectious

Papillomavirus infection - canine

Parvovirus

Parvovirus encephalitis

Pericardial effusion – infectious

Peritonitis – infectious

Peritonitis – septic

Pleuropneumonia

Pneumonia

- a. Bacterial pneumonia
- b. Pneumonia
- c. Pneumonia – aspiration
- d. Pneumonia – bacterial
- e. Pneumonia – bordetella bronchiseptica
- f. Pneumonia - fungal – blastomycosis
- g. Pneumonia – interstitial
- h. Pneumonia – lung worms
- i. Pneumonia - mycoplasma
- j. Pneumonia – protozoal – pneumocystis carinii
- k. Viral pneumonia

Pyelonephritis

Pyometra

- a. Pyometra - stump

Pyothorax

Prostatitis

Septic arthritis

Septicemia

Sinusitis – bacterial

Sinusitis – fungal

Upper respiratory infection

Urinary tract infection

Vaginitis

Vestibular disease- bacterial

Wound infection
