Field of Application: maintenance (MT), training (TR), assembly (AS), order picking (OP), other (OT)

Publication: journal (JRN), conference (CON), review (REV)

Study design: laboratory (LAB), field (FLD), laboratory and field (L&F), survey (SRV)

Vizualization technology: handheld (HHD), head Mounted Display (HMD), spatial AR (SAR), screen (SCR)

Interaction method: object-based (OBJ), gesture-based (GES), voice-based (VOI), touch-based (TOU), projection-based (PRO)

Phases of PLC: ideation (IDE), definition (DEF), realization (REA), use (USE), disposal (DSP)
