

## *Supplementary Material*

### **1 Supplementary Figures**

**Supplementary Figure 1.** Histogram of regression standardized residual for anxiety.

**Supplementary Figure 2.** Histogram of regression standardized residual for depression.

**Supplementary Figure 3.** Histogram of regression standardized residual for disability.

**Supplementary Figure 4.** Histogram of regression standardized residual for psychological well-being.

**Supplementary Figure 5.** Normal P-P plot of regression standardized residual for anxiety.

**Supplementary Figure 6.** Normal P-P plot of regression standardized residual for depression.

**Supplementary Figure 7.** Normal P-P plot of regression standardized residual for disability.

**Supplementary Figure 8.** Normal P-P plot of regression standardized residual for psychological well-being.

**Supplementary Figure 9.** Scatterplot of standardized residuals by standardized predicted values for anxiety.

**Supplementary Figure 10.** Scatterplot of standardized residuals by standardized predicted values for depression.

**Supplementary Figure 11.** Scatterplot of standardized residuals by standardized predicted values for disability.

**Supplementary Figure 12.** Scatterplot of standardized residuals by standardized predicted values for psychological well-being.
