Modulation of Type III Secretion System in *Pseudomonas aeruginosa*: Involvement of the PA4857 Gene Product

by Zhu, M., Zhao, J., Kang, H., Kong, W., Zhao, Y., Wu, M., and Liang, H. (2016). *Front. Microbiol.* 7:7. doi: 10.3389/fmicb.2016.00007

Due to an oversight, in the original article Min Wu and Yuanyu Zhao were not included in the author list. They have now been added and the correct author list can be found above. We have also updated the Acknowledgements section to reflect the financial support received by these two authors.

The correction does not affect the scientific validity of the results.

The original article has been updated.

ACKNOWLEDGMENTS

The financial support for animal work was supported by the US National Institute of Health grant (AI109317-01), UND SMHS, and Northwest University funding (338050069). The UND IACUC committee (Approval #:1204-4) and Northwest University have approved the protocols that allowed for the performing of animal experiments.

Conflict of Interest Statement: The authors declare that the research was conducted in the absence of any commercial or financial relationships that could be construed as a potential conflict of interest.
