The authors Christos Kyriltsias and Maria Christofi contributed equally to this work; however, in the published article, the author's equal contribution statement was missing. This has now been indicated in the author list.

In addition, there was an error in affiliation 2. Instead of “**Research Center on Interactive Media Smart Systems and Emerging Technologies - RISE Ltd., Nicosia, Cyprus**”, it should be “**CYENS Center of Excellence, Nicosia, Cyprus**”. This change was made because the legal entity of the Research Center changed its name.

The authors apologize for these errors and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
