KEYWORDS

air temperature (AT), climate change, Greenland, Mittivakkat Glacier, precipitation, RACMO2, rainfall, snowfall

A Corrigendum on Precipitation trends (1958–2021) on Ammassalik island, south-east Greenland

by van der Schot J, Abermann J, Silva T, Jensen CD, Noël B and Schöner W (2023). *Front. Earth Sci.* 10: 1085499. doi: [10.3389/feart.2022.1085499](https://doi.org/10.3389/feart.2022.1085499)

In the published article, there was an error in the **Funding** statement. The financial support of the University of Graz was not addressed.

The correct **Funding** statement appears below.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.

Funding

This research has been conducted as part of the Snow2Rain research project, which has been funded by the Earth System Sciences (ESS) research programme of the ÖAW, the Austrian Academy of Sciences. The authors acknowledge the financial support by the University of Graz.
