community engagement, health equity, implementation, COVID-19, resources, costs

## A Corrigendum on

Engaging underserved communities in COVID-19 health equity implementation research: an analysis of community engagement resource needs and costs

By Stadnick NA, Cain KL, Watson P, Oswald W, Ibarra M, Lagoc R, Pezzoli K, Laurent LC, Tukey R, Rabin AB (2022). *Front. Health Serv.* 2:850427. doi: 10.3389/frhs.2022.850427

In the published article, there was an error in the Funding statement. The authors wish to revise the Funding section of the original article as part of the funding acknowledgment (the National Institutes of Health (NIH) Agreement OT2HL158287) was inadvertently omitted.

The correct funding statement appears below.

## Funding

This work was funded with support from the National Institutes of Health: P42 ES010337-19S2 RADx-UP Supplement (LL and RT); OTA-21-312-0217571-661061 (AR and NS); K23 MH110602 (NS); R34 MH120190 (NS), and the UC San Diego ACTRI

Dissemination and Implementation Science Center (AR and NS). This research was, in part, funded by the National Institutes of Health (NIH) Agreement OT2HL158287. The views and conclusions contained in this document are those of the authors and should not be interpreted as representing the official policies, either expressed or implied, of the NIH.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
