## KEYWORDS

SARS-CoV-2, viral evolution, key epitope, computational affinity maturation, broadly neutralizing antibody, broad-spectrum vaccine

## A Corrigendum on

### Structural basis for the broad and potent cross-reactivity of an N501Y-centric antibody against sarbecoviruses

by Jeong B-S, Jeon JY, Lai C-J, Yun H-Y, Jung JU and Oh B-H (2022) *Front. Immunol.* 13:1049867. doi: 10.3389/fimmu.2022.1049867

In the published article, there was an error in the Funding statement. An incorrect grant number was given for the National Research Foundation grant received by author B-HO. The correct Funding statement appears below.

“This work was supported by the National Research Foundation grant (NRF-2020R1A4A3079755 to B-HO) through the Korean government (MSIP) and CA200422, CA251275, AI140718, AI140705, AI140705-03S1, AI152190, AI171201, DE023926, DE028521, and Korea Research Institute of Bioscience and Biotechnology Research Initiative Program KGM9942012 to JUJ.”

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
