rapid diagnostics, LAMP (loop mediated isothermal amplification), COVID-19, artificial intelligence, infectious diseases

## A Corrigendum on

**VIDIIA Hunter: a low-cost, smartphone connected, artificial intelligence-assisted COVID-19 rapid diagnostic platform approved for medical use in the UK**

by Poirier AC, Riaño Moreno RD, Takaindisa L, Carpenter J, Mehat JW, Haddon A, Rohaim MA, Williams C, Burkhart P, Conlon C, Wilson M, McClumpha M, Stedman A, Cordonni G, Branavan M, Tharmakulasingam M, Chaudhry NS, Locker N, Fernando A, Balachandran W, Bullen M, Collins N, Rimer D, Horton DL, Munir M and La Ragione RM (2023). *Front. Mol. Biosci.* 10:1144001. doi: 10.3389/fmolb.2023.1144001

In the published article, there was an error in the **Article title**. Instead of “VIDIIA Hunter diagnostic platform: a low-cost, smartphone connected, artificial intelligence-assisted COVID-19 rapid diagnostics approved for medical use in the UK,” it should be “VIDIIA Hunter: a low-cost, smartphone connected, artificial intelligence-assisted COVID-19 rapid diagnostic platform approved for medical use in the UK”.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
