Expression of Concern: The expansion of lignocellulose biomass conversion into bioenergy via nanobiotechnology

Frontiers Editorial Office*

An Expression of Concern on:

[The expansion of lignocellulose biomass conversion into bioenergy via nanobiotechnology](#)

by Sankaran R, Markandan K, Khoo KS, Cheng CK, Ashokkumar V, Deepanraj B and Show PL (2021). *Front. Nanotechnol.* 3:793528. doi: [10.3389/fnano.2021.793528](#)

In the published article, the conflict of interest lacked necessary details regarding a previous collaboration between author Pau Loke Show & reviewer Mukesh K. Awasthi. An investigation by the Research Integrity auditing team found that this conflict of interest did not unduly impact the peer review process or scientific validity of the article.

As a result, a Correction has been published, and the Expression of Concern is considered resolved. This notice remains published to retain a transparent record.

Correction note

This article has been corrected with minor changes. These changes do not impact the scientific content of the article.
