active inference, generalized synchrony, communication, social dynamics, cumulative culture, complex systems

A corrigendum on

Small steps for mankind: Modeling the emergence of cumulative culture from joint active inference communication

by Kastel, N., Hesp, C., Ridderinkhof, K. R., and Friston, K. J. (2023). *Front. Neurorobot.* 16:944986. doi: 10.3389/fnbot.2022.944986

In the published article, there was an error in the Funding statement with regards to the omission of the Wellcome Trust Principal Research Fellowship (KF; Ref. 088130/Z/09/Z). The original text was: "This research was undertaken thanks in part to funding from a NWO Research Talent Grant of the Dutch Government (CH; No. 406.18.535)." The correct Funding statement appears below.

Funding

This research was undertaken thanks in part to funding from a NWO Research Talent Grant of the Dutch Government (CH; No. 406.18.535) and by a Wellcome Trust Principal Research Fellowship (KF; Ref. 088130/Z/09/Z).

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
