## KEYWORDS

diabetic stroke, diabetes mellitus, fingolimod, edema, inflammation

## A Correction on

[Fingolimod inhibits inflammation but exacerbates brain edema in the acute phases of cerebral ischemia in diabetic mice](#)

by Li, W., He, T., Jiang, L., Shi, R., Song, Y., Mamtilahun, M., Ma, Y., Zhang, Z., Tang, Y., Yang, G.-Y., and Wang, Y. (2020). *Front. Neurosci.* 14:842. doi: 10.3389/fnins.2020.00842

There was a mistake in [Figure 3C](#) as published. The GAPDH western blot image in [Figure 3C](#) was unintentionally incorrectly used. The corrected [Figure 3C](#) appears below.

In the published article, there was an error in citing data within the Results section.

A correction has been made to Results, *Acute Treatment with Fingolimod Failed to Improve Endpoint Outcomes at 24 h After tMCAO in Diabetic Mice*, Paragraph 2. This sentence previously stated:

“No significant difference in neurological score (DM + MCAO vs. DM + MCAO + F, 12.40 ± 3.29 vs. 15.42 ± 4.12) (Figure 1E) or brain infarction volume (DM + MCAO vs. DM + MCAO + F, 62.81 ± 3.15 mm<sup>3</sup> vs. 71.22 ± 3.98 mm<sup>3</sup>) (Figures 1F–G) was observed.”

The corrected sentence appears below:

“No significant difference in neurological score (DM + MCAO vs. DM + MCAO + F, 12.40 ± 3.29 vs. 15.42 ± 4.12) (Figure 1E) or brain infarction volume (DM + MCAO vs. DM + MCAO + F, 40.7 ± 8.90 mm<sup>3</sup> vs. 34.4 ± 6.97 mm<sup>3</sup>) (Figures 1F–G) was observed.”

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
