In the original article, there was a mistake in **Figure 2** as published. The peak annotations in **Figure 2C** should be “H₂-1 of CS” and “N(CH₃)₃ of CS” instead of “H-2 of CS” and “NCH₃ of CS”, respectively. The corrected **Figure 2** appears below.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
