A corrigendum on

A Larger Chocolate Chip—Development of a 15K *Theobroma cacao* L. SNP Array to Create High-Density Linkage Maps

by Livingstone, D. III, Stack, C., Mustiga, G. M., Rodezno, D. C., Suarez, C., Amores, F., et al. (2017). Front. Plant Sci. 8:2008. doi: 10.3389/fpls.2017.02008

In the original article, there was a mistake in Supplemental Table 2 as published online. Supplemental Table 2 was a duplication of Supplemental Table 3. The corrected Supplemental Table 2 is published with this correction article. The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way.

The original article has been updated.

SUPPLEMENTARY MATERIAL

The Supplementary Material for this article can be found online at: https://www.frontiersin.org/articles/10.3389/fpls.2018.00948/full#supplementary-material

Conflict of Interest Statement: The authors declare that the research was conducted in the absence of any commercial or financial relationships that could be construed as a potential conflict of interest.
