A Corrigendum on

Plants *in vitro* propagation with its applications in food, pharmaceuticals and cosmetic industries; current scenario and future approaches

by Hasnain A, Naqvi SAH, Ayesha SI, Khalid F, Ellahi M, Iqbal S, Hassan MZ, Abbas A, Adamski R, Markowska D, Baazeem A, Mustafa G, Moustafa M, Hasan ME and Abdelhamid MMA (2022) *Front. Plant Sci.* 13:1009395. doi: 10.3389/fpls.2022.1009395

In the published article, there was an error in [Figure 3](#) as published. The diagram in [Figure 3](#) of our published manuscript is very similar to that of a previously published article. The corrected [Figure 3](#) and its caption appear below.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.

FIGURE 3 Recent methods used for industrial production of bioactive compounds via plant tissue culture.
