conservatism (United States), reaction, Leo Strauss, Eric Voegelin, social science
epistemology, antimodernism, crisis of democracy

A Corrigendum on

[Beyond the reactionary sea change: antimodern thought, American
politics and political science](#)

by Magalhães, P. T. (2022). *Front. Polit. Sci.* 4:954668. doi: 10.3389/fpos.2022.954668

In the published article, there was an error in the Funding statement. The original statement did not contain the relevant reference number. The correct Funding statement appears below.

Funding

The author(s) declare that financial support was received for the research and/or publication of this article. This research has been financed by the Research Centre in Political Science (UIDB/CPO/00758/2020), University of Minho, and supported by the Portuguese Foundation for Science and Technology (FCT) and the Portuguese Ministry of Education and Science through national funds.

The author apologizes for this error and states that this does not change the scientific conclusions of the article in any way. The original article has been updated.

Publisher's note

All claims expressed in this article are solely those of the authors and do not necessarily represent those of their affiliated organizations, or those of the publisher, the editors and the reviewers. Any product that may be evaluated in this article, or claim that may be made by its manufacturer, is not guaranteed or endorsed by the publisher.
