In the original article, reference (100) was incorrectly written as “de Sonnevile L. Amsterdamse neuropsychologische taken: wetenschappelijke en klinische toepassingen. *Tijdschr voor Neuropsychol.* (2005) 10:27–41”.

It should be “Corcoran R, Mercer G, Frith CD. Schizophrenia, symptomatology and social inference: investigating “theory of mind” in people with schizophrenia. *Schizophr Res.* (1995) 17:5–13.”

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
