A Corrigendum on

Eliciting ERP Components for Morphosyntactic Agreement Mismatches in Perfectly Grammatical Sentences

by Courteau, É., Martignetti, L., Royle, P., and Steinhauer, K. (2019). Front. Psychol. 10:1152. doi: 10.3389/fpsyg.2019.01152

In the original article, there was a mistake in **Figure 4** as published. Instead of correctly describing effects in singular (A) and plural (B) NPs, as in the figure caption, the legend incorrectly describes NP contexts in (A) and neutral contexts in (B). The corrected **Figure 4** appears below.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
