female teacher burnout, higher education institutions, JD-R theory, work–family conflict, glass ceiling, SDGs

A Corrigendum on

The glass ceiling perception and female teacher burnout: the mediating role of work–family conflict

by Wei, Y., Subramaniam, G., and Wang, X. (2025). *Front. Psychol.* 16:1551903.
doi: 10.3389/fpsyg.2025.1551903

In the published article, the Funding statement was incorrect. The statement originally stated, “The author(s) declare that no financial support was received for the research and/or publication of this article.” The corrected Funding statement appears below.

Funding

The author(s) declare that financial support was received for the research and/or publication of this article. The author(s) would like to acknowledge the financial support from SEGi University, Petaling Jaya, Malaysia for this publication.

Additionally, in the published article, there was an error in the Supplementary material. The sources of Appendices 1, 2, and 3 were mistakenly not included in the publication. The missing source details have been included in the updated Supplementary material file and published online.

The authors apologize for these errors and state that they do not change the scientific conclusions of the article in any way. The original article has been updated.

Publisher’s note
