In the published article, there are several errors in the affiliations of the authors. We apologize for these mistakes that we didn't notice, but it seems that between the initial submission and the proofed article, changes occurred probably due to the system (they were correct in the manuscript), also considering that almost all affiliations are mixed-up.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. It is also to be noted that the list of authors has not changed, neither their respective contributions.

We would be grateful if you could make these important changes.

- For **Ana Maria Vicedo-Cabrera**, Instead of “<sup>8</sup> Institute of Social Sciences, University of Lausanne, Lausanne, Switzerland, <sup>9</sup> Institute of Earth Surface Dynamics (IDYST), University of Lausanne, Lausanne, Switzerland.”  
The correct affiliations are “<sup>8</sup> Institute of Social and Preventive Medicine (ISPM), University of Bern, Bern, Switzerland, <sup>9</sup> Oeschger Center for Climate Change Research, University of Bern, Bern, Switzerland.” Also, please write the name of the author Ana M. Vicedo-Cabrera.
- For **Joelle Schwarz**, instead of “<sup>5</sup> Department of Family Medicine, Center for Public Health and Primary Care, Lausanne, Switzerland.”
