A Corrigendum on

Leveraging digital tools to enhance diversity and inclusion in clinical trial recruitment

by Tomiwa, T., Wong, E., Miller, H. N., Ogungbe, O., Byiringiro, S., Plante, T., and Himmelfarb, C. R. (2024). *Front. Public Health*. 12:1483367. doi: 10.3389/fpubh.2024.1483367

In the published article, there was an error in the Funding statement. The NIH grant number was incorrect and a disclaimer was missing.

The correct Funding statement appears below.

Funding

The author(s) declare that financial support was received for the research and/or publication of this article. This work was supported by the American Heart Association (953550) as part of the Strategically Focused Research Network on the Science of Diversity in Clinical Trials. CONNECT is a project of the IMPACT (Improving Participation Among diverse populations in Cardiovascular clinical Trials) Center (946222). It was supported by the Johns Hopkins Institute for Clinical and Translational Research (ICTR), which is funded in part by the National Center for Advancing Translational Sciences (NCATS; Grant 1UM1TR004926-01), a component of the NIH and the NIH Roadmap for Medical Research and supported by the NIH. This research was, in part, funded by the National Institutes of Health (NIH) Agreement OT2HL158287. The views and conclusions contained in this document are those of the authors and should not be interpreted as representing the official policies, either expressed or implied, of the NIH.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
