In the published article, there was an error in the Funding statement. An applicable funding source (the National Center for Advancing Translational Sciences of the National Institutes of Health under Award Number UL1TR002378) was mistakenly omitted by the authors. The original text said: “The author(s) declare that financial support was received for the research and/or publication of this article. This work was supported by the National Institute of Drug Abuse under award number R01 DA055630-03. The content is solely the authors’ responsibility and does not necessarily represent the official views of the National Institutes of Health.”

The correct Funding statement appears below.

## Funding

The author(s) declare that financial support was received for the research and/or publication of this article. This work was supported by the National Institute of Drug Abuse under award number R01 DA055630-03 and by the National Center for Advancing Translational Sciences of the National Institutes of Health under award number UL1TR002378. The content is solely the responsibility of the authors and does not necessarily represent the official views of the National Institutes of Health.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
