endoscopy nurses, occupational fatigue, work–family conflict, coping style, JD-R model, interactive effects

A Correction on

[The interactive effects of work–family conflict and coping styles on occupational fatigue among endoscopy nurses: a cross-sectional study](#)

by Zeng, Z., Fu, C., Zhou, S., Xie, G., He, Y., Liu, M., and Liu, C. (2025). *Front. Public Health*. 13:1591088. doi: 10.3389/fpubh.2025.1591088

The ethical approval details were erroneously given as No. 2023-05-042-K01, it should be No. 2023-04-083-K01.

This has been corrected in section **2 Materials and methods**, **2.1 Participants**, paragraph 5: “This study was reviewed and approved by the Ethics Committee of Deyang people's Hospital (No. 2023-04-083-K01). All participants provided informed consent and voluntarily participated in the study.”

The corrected **Ethics statement** appears below:

“The studies involving humans were approved by Ethics Committee of Deyang People's Hospital (No. 2023-04-083-K01). The studies were conducted in accordance with the local legislation and institutional requirements. The participants provided their written informed consent to participate in this study.”
