An Erratum on

[Incorporating video telehealth for improving at-home management of chronic health conditions in cats: a focus on chronic mobility problems](#)

by Boone, G., Pang, D. S. J., Shih, H. -Y., and Moody, C. M. (2025). *Front. Vet. Sci.* 12:1510006.
doi: 10.3389/fvets.2025.1510006

Due to a production error, [Figure 1](#) was omitted from the article, and [Figures 2A](#) and [2B](#) were split into [Figures 2](#) and [1](#), respectively. The corrected [Figures 1](#) and [2](#), along with their legends, appear below.

The publisher apologizes for this mistake. The original version of this article has been updated.

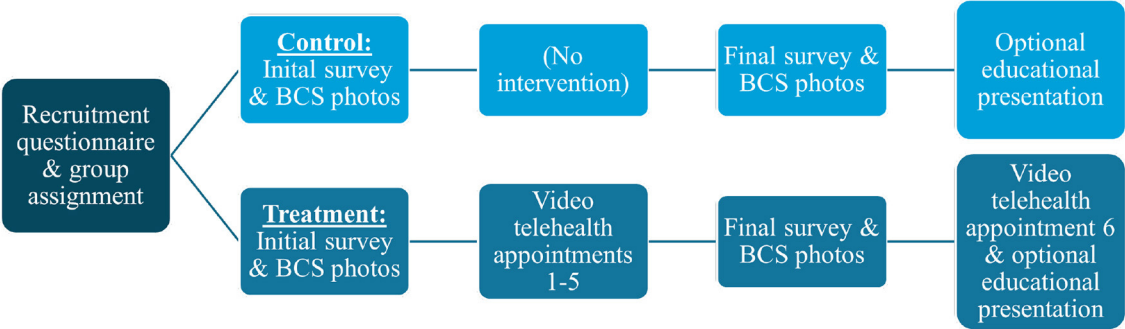

FIGURE 1
Flowchart showing the sequential process of study participation for cat caregivers in the treatment ($n = 63$) and control ($n = 43$) groups.

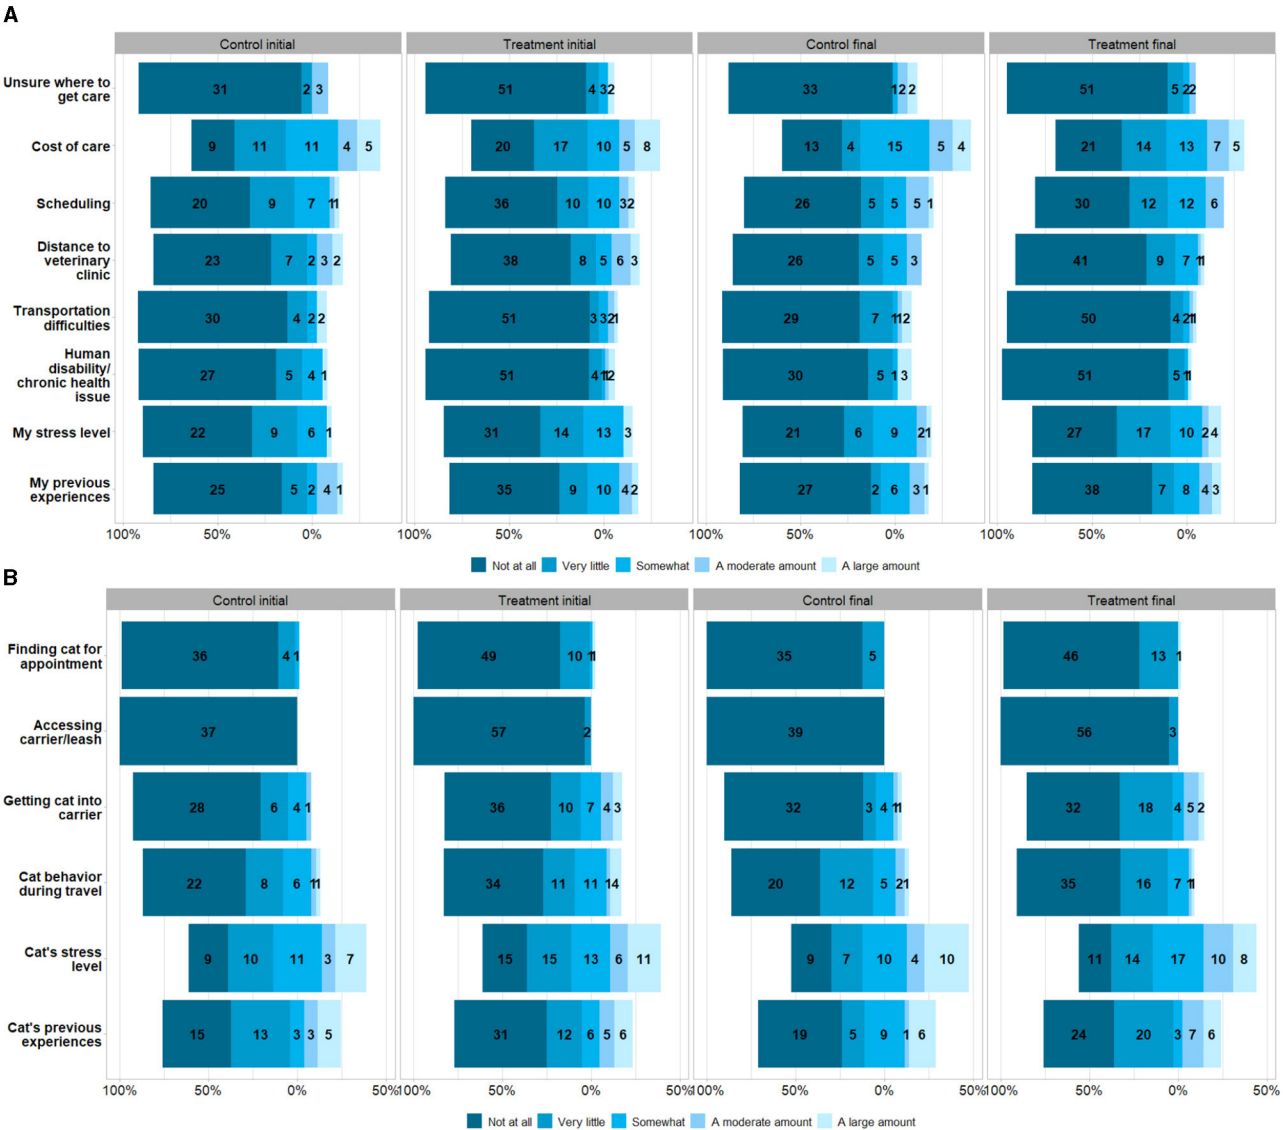

FIGURE 2
Participants' initial and final questionnaire Likert-scale ratings of (A) caregiver-related, and (B) cat-related barriers affecting their access to veterinary care, given as counts and separated by treatment and control groups. The number of responses for each variable differs.
